Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM
THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. **Claims 1-4** are rejected under 35 U.S.C. 102(e) as being anticipated by US 6448307 (herein 307).

For claims 1 & 2, 307 teaches a method of manufacturing a granulated body for absorbing excrement of animals (col. 7, lines 35-50) comprising: mixing dry bamboo fibers and wood fibers with each other while adding moisture thereto (col. 4, lines 27-34, 64-67, col. 5, lines 1-5, 34-40), and allowing the dry bamboo fibers to absorb the moisture to form a resultant; granulating the resultant to form a wet granulated body (col. 5, lines 5-40); and blowing hot air to the wet granulated body (col. 5, lines 35-39) to cause the moisture absorbed in the dry bamboo fibers to be transpired outward through the wet granulated body by the hot air to thereby cause transpiring paths to be formed in the wet granulated body to obtain a porous structure in the dry bamboo fibers in the wet granulated body.

For claims 3 & 4, 307 teaches a method of manufacturing a granulated body comprising providing dry bamboo fibers and wood fibers (col. 7, lines 35-50); mixing a

water sensitive coagulant composed of powder with the dry bamboo fibers and wood fibers to form a resultant (col. 4, lines 40-55, 64-67, col. 5, lines 63-67, col. 6, lines 4-30); admixing the resultant in a non-hydraulic state (col. 6, line 41); and compression-molding the resultant to form a granulated body having a fixed shape (col. 6, lines 41-60, col. 7, lines 8-17), 25-28).

Response to Arguments

3. Applicant's arguments with respect to claims 1-4 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
